An Update of the Progress of Business Liaison Groups

Purpose

This paper provides an update of the overall work progress of the ten Business Liaison Groups (BLGs) since the last meeting of the Task Force on Business Liaison Groups (BLGTF) held on 25 April 2023.

Progress

2. From 19 April to 15 August 2023, we have conducted one BLG meeting and proactively liaised with the trade of three BLGs. A total of six issues were satisfactorily resolved or clarified and one information dissemination session on e-services for licence applications was conducted by the relevant department as arranged by the Secretariat. A breakdown of these figures by the BLGs is shown at *Appendix*. BLGTF Papers 141 and 142 set out details of the implementation of the Unique Business Identifier and the Next Generation of Integrated Companies Registry Information System, and the legal requirements under the Municipal Solid Waste Charging Scheme respectively, which are relevant to all the trades related to the BLGs.

3. To enhance communication with the trade, the Secretariat continues the provision of various channels including an online form for the trade to share their views on licensing application and regulatory regime, and the uploading of summaries on the views collected and the Government responses onto the [Business Facilitation Initiatives website](#) on a regular basis. Salient examples are presented in the 34th meeting of the BLGTF.

4. The Secretariat will provide advance notice to members once the schedule for future BLG meetings is available so that members can attend the BLG meetings as observers.

Way Forward

5. Members are invited to note the content of this paper and offer comments, if any.
